## NATIONAL WESTERN LIFE INSURANCE COMPANY

Exhibit 99.1

**FOR IMMEDIATE RELEASE**

### **National Western Life Announces 2007 Second Quarter Earnings**

Austin, Texas, August 7, 2007 - Ross R. Moody, President of National Western Life Insurance Company (Nasdaq: NWLIA), announced today second quarter 2007 consolidated net earnings of \$21.9 million, or \$5.98 per diluted share, compared with consolidated net earnings of \$22.2 million, or \$6.07 per diluted share, reported for the second quarter of 2006. Consolidated net earnings for the first six months of 2007 were \$40.5 million, or \$11.09 per diluted share, compared with \$36.3 million, or \$9.91 per diluted share, reported a year ago. The Company's book value per share at June 30, 2007 increased to \$265.15.

Earnings from operations, excluding net realized gains on investments<sup>(1)</sup>, totaled \$19.1 million, or \$5.24 per diluted share, for the second quarter ended June 30, 2007, compared with \$21.2 million, or \$5.78 per diluted share, reported for the quarter ended June 30, 2006. For the first six months of 2007, earnings from operations were \$37.7 million, or \$10.31 per diluted share, versus \$34.3 million, or \$9.37 per diluted share, for the first six months of 2006. Referring to the second quarter results, Mr. Moody noted, "While we are again extremely pleased with our life insurance sales, which increased 45% in this year's second quarter over last year, our second quarter operating results reflect a marginally higher incidence of policyholder benefits in the form of death claims and policy withdrawals and an increase in expense levels. Although year-to-date operating results are favorable compared to last year at this time, we are keeping a careful watch on these expenditures."

Operating revenues, excluding realized investment gains and derivative income, totaled \$121.3 million for the quarter ended June 30, 2007, compared to \$116.4 million reported in the second quarter of 2006, while year-to-date operating revenues increased to \$239.7 million in 2007 from \$236.0 million in the first six months of 2006. Mr. Moody indicated that business growth has been strong in both the domestic and international markets of the Company. "Domestic life insurance sales growth continues to be a positive development in the Company's overall business with a 58% growth rate in the first half of 2007 over 2006. Even though our international business is a larger and more mature business for the Company, it has exhibited a healthy 26% growth rate in the first six months of the year."

Founded in 1956, National Western Life is a stock life insurance company offering a broad portfolio of individual universal life, whole life and term insurance plans, annuity products, and investment contracts meeting the financial needs of its customers in 49 states as well as residents of various countries in Central and South America, the Caribbean, Eastern Europe, Asia and the Pacific Rim. The Company has approximately 290 employees and 11,130 contracted independent agents, brokers and consultants, and at June 30, 2007, maintained total assets of \$6.8 billion, stockholders' equity of \$1.0 billion, and life insurance in force of \$16.5 billion.
