NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Accounting Practices

The financial statements of National Western Life Insurance Company (Company) are presented on the basis of accounting practices prescribed or permitted by the Colorado Division of Insurance. The Colorado Division of Insurance recognizes only statutory accounting practices prescribed or permitted by the State of Colorado for reporting the financial condition and results of operations of an insurance company and for determining its solvency under the Colorado Insurance Law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures* manual, (NAIC SSAP) has been adopted as a component of prescribed or permitted practices by the State of Colorado.

For the nine months ended September 30, 2014, there were no differences in net income or capital and surplus between NAIC SSAP and practices prescribed or permitted by the State of Colorado.

NOTES TO FINANCIAL STATEMENTS

D. Loan-Backed Securities

1 Prepayment assumptions for single-class and multi-class mortgage-backed/asset-backed securities were obtained from third party bond analytics software, broker-dealer survey values or internal estimates.

2 Not applicable. The Company has the ability and intends to hold all securities with recognized other-than-temporary impairments for a period of time sufficient to recover the amortized cost basis.

3 Loan-backed securities with a recognized other-than-temporary impairment currently held by the Company:

None

4 All impaired securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains):

(a) The aggregate amount of unrealized losses:

| | | |
|--|----|------------|
| 1. Less than 12 months in an unrealized loss position | \$ | 436,962 |
| 2. Greater than 12 months in an unrealized loss position | \$ | 13,020,325 |

(b) The aggregate related fair value of securities with unrealized losses:

| | | |
|--|----|-------------|
| 1. Less than 12 months in an unrealized loss position | \$ | 67,439,870 |
| 2. Greater than 12 months in an unrealized loss position | \$ | 309,267,345 |

5 The Company's accounting policy requires that a decline in the value of a security below its amortized cost basis be evaluated to determine if the decline is other-than-temporary. The primary factors considered in evaluating whether a decline in value for fixed income and equity securities is other-than-temporary include: (a) the length of time and the extent to which the fair value has been less than cost, (b) the reasons for the decline in value (credit event, interest rate related, credit spread widening), (c) the overall financial condition as well as the near-term prospects of the issuer, (d) whether the debtor is current on contractually obligated principal and interest payments, and (e) the intent and ability of the Company to retain the investment for a period of time sufficient to allow for any anticipated recovery. In addition, contractual cash flows are evaluated periodically by the Company to update the estimated cash flows over the life of the security. If the Company determines that the fair value of the securitized financial asset is less than its carrying amount and there has been a decrease in the present value of the estimated cash flows since the previous purchase or prior impairment, then an other-than-temporary impairment charge is recognized.

D. Claims Related Extra Contractual Obligations and Bad Faith Losses Stemming From Lawsuits

The Company did not pay any claims related extra contractual obligations nor bad faith losses stemming from lawsuits during the reporting period.

E. All Other Contingencies

In the normal course of business, the Company is involved or may become involved in various legal actions in which claims for alleged economic and punitive damages have been or may be asserted, some for substantial amounts. In recent years, carriers offering life insurance and annuity products have faced litigation, including class action lawsuits, alleging improper product design, improper sales practices, and similar claims. The Company has been a defendant over the past several years in two such class action lawsuits. Given the uncertainty involved in these types of actions, the ability to make a reliable evaluation of the likelihood of an unfavorable outcome or an estimate of the amount of or range of potential loss is endemic to the particular circumstances and evolving developments of each individual matter on its own merits.

The Company resolved a class action lawsuit pending since June 12, 2006, in the U.S. District Court for the Southern District of California. The case is titled In Re National Western Life Insurance Deferred Annuities Litigation. The complaint asserted claims for RICO violations, Financial Elder Abuse, Violation of Cal. Bus. & Prof. Code 17200, et seq, Violation of Cal. Bus. & Prof. Code 17500, et seq, Breach of Fiduciary Duty, Aiding and Abetting Breach of Fiduciary Duty, Fraudulent Concealment, Cal. Civ. Code 1710, et seq, Breach of the Duty of Good Faith and Fair Dealing, and Unjust Enrichment and Imposition of Constructive Trust. On July 12, 2010 the Court certified a nationwide class of policyholders under the RICO allegation and a California class under all of the remaining causes of action except breach of fiduciary duty. The parties entered into a Settlement and Release Agreement in August of 2013 ("Settlement") which was finally approved by the Court on February 11, 2014. On February 12, 2014, the Court issued a redacted final approval order granting the Motion for Final Approval of Class Action Settlement. The Settlement became final and non-appealable on April 12, 2014. The Settlement Agreement and Plaintiffs' Request for Attorneys' Fees and Costs were approved by the Court, and the Company paid the Court-approved amount of attorneys' fees and costs in April 2014. The Company also made certain payments to surrendered and annuitized policyholders in June 2014. In addition, the Company agreed to provide bonuses on annuitization for active policyholders who choose a 10-year or a 20-year certain and life settlement option. The Company had held reserves of \$6.5 million for the matter which approximated the ultimate settlement amounts described above.

NOTES TO FINANCIAL STATEMENTS

In addition to the class action lawsuit described above, the Company was the named defendant in the case of Sheila Newman vs. National Western Life Insurance Company, which alleged mishandling of policyholder funds by an agent. On February 3, 2010, the 415th Judicial District Court of Parker County in Weatherford, Texas, entered a Final Judgment against the Company of approximately \$208,000 including actual damages of \$113,000 and amounts for attorney's fees, and prejudgment interest on the actual damages. In addition, the Final Judgment included \$150 million for exemplary damages. The Company vigorously defended this case and appealed the Final Judgment to the Court of Appeals Second District of Texas in Fort Worth. The Court of Appeals on August 11, 2011, reversed the trial court judgment in its entirety and rendered a take nothing verdict in favor of National Western. Plaintiffs (Appellees) filed a motion for a rehearing which the Court ruled on October 13, 2011, that the trial court's judgment was still reversed and judgment was still entered that Newman take nothing, all in favor of National Western. The Plaintiffs (Appellees) filed a Motion for Reconsideration En Banc which the Court of Appeals denied on October 27, 2011. The Plaintiffs (Appellees) then filed a Motion for Rehearing of the Court's amended decision, which the Court of Appeals denied on December 22, 2011. On March 21, 2012, Plaintiffs (Appellees) filed a petition for review with the Texas Supreme Court and the Company filed its response on April 20, 2012. The Supreme Court asked the parties for briefs on the issues before deciding on whether to hear the case and both parties submitted their briefs. On February 14, 2013, the Supreme Court denied the Plaintiffs petition for review. On April 3, 2013, Plaintiff filed a Motion for Rehearing. The Supreme Court denied Plaintiff's Motion for Rehearing on June 7, 2013 thus ending the matter.

On October 26, 2011 the Brazilian Superintendence of Private Insurance ("SUSEP") attempted to serve the Company with a subpoena regarding an administrative proceeding initiated by SUSEP in which it alleged that the Company was operating as an insurance company in Brazil without due authorization. The Company had been informed that SUSEP was attempting to impose a penal fine of approximately \$6.0 billion on the Company. SUSEP unsuccessfully attempted to serve the Company with notice regarding this matter. The Company does not transact business in Brazil and has no officers, employees, property, or assets in Brazil. The Company and its legal advisors believe that SUSEP has no jurisdiction over the Company, that SUSEP's attempts at service of process were invalid, and that any penal fine would be unenforceable. For the reasons described above, the Company does not believe that this matter meets the definition of a material pending legal proceeding as such term is defined in Item 103 of Regulation S-K but has included the foregoing description solely due to the purported amount of the fine sought at that time.

Although there can be no assurances, at the present time, the Company does not anticipate that the ultimate liability arising from such other potential, pending, or threatened legal actions will have a material adverse effect on the financial condition or operating results of the Company.

(4) For publicly traded equity securities, fair value prices are based upon unadjusted quoted prices in active markets. Accordingly, these holdings are included in Level 1 in the fair value hierarchy disclosure. For equity securities not publicly traded (mainly subsidiary investments), management derives a fair value price internally based upon current information available and includes this in Level 3.

NOTES TO FINANCIAL STATEMENTS

The Company's derivative investments consist of over-the-counter call options purchased to support the index crediting method feature in its fixed index products. Fair value prices for these holdings are obtained from broker quotes based upon observable and unobservable inputs and subject to review by the Investment department. These investments are included in the Level 3 fair value hierarchy.
